New headway pre intermediate fourth edition workbook with key pdf books

Learn more how customers reviews work on Amazon The world's best-selling English course - a perfectly-balanced syllabus with a strong grammar focus, and full support at all six levels. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Authentic material from a variety of sources enables students to see new language in context, and a range of comprehension tasks, language and vocabulary exercises, and extension activities practise the four skills. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness. "Everyday English" and "Spoken grammar" sections practise real-world speaking skills, and a writing section for each unit at the back of the book provides models for students to analyse and imitate.
